

SC10

TRRS TO TRRS CABLE

The SC10 is a high-quality 3.5mm TRRS to TRRS cable designed to connect on-camera microphones to DSLR-style cameras or mobile devices. It features an ultra-flexible cable segment for optimal shock mount performance, coupled to a reinforced cable segment for routing around the camera. It is compatible with the cable management slots in the RØDE SM7-R and DCS-1 mounts. It is particularly suitable for connecting the VideoMic NTG to a camera microphone input.

- High-quality shielded patch cable
- 321mm (12.6") long
- Integrated strain relief sleeve
- Junction box for cable management

ACOUSTIC & ELECTRICAL SPECIFICATIONS
